

The 'Montana' is a cleverly designed 4 bedroom 'H' shaped home which separates living from bedrooms into two distinctive wings. An opening between the two wings gives plenty of space to create either a natural garden outlook or a lap pool configuration. The master bedroom is generous in size and flows nicely from the bed, through a reverse wardrobe layout to an open designed ensuite. The main living, large in size, flows seamlessly between living, kitchen, dining & outdoor living, which has great roof cover for enjoyable entertainment no matter what the weather.
